**Things you need to know**

Australians drive on the left. However, it does take only a small amount of time to adjust - just remember, passenger on the kerb side! Observe the law and drive safely.

**Driver's licence**

You must be licensed and carry your licence with you when you are driving in Australia, or you will incur an on-the-spot fine. If your licence is not in English, you must carry an English translation.

**Seat belts**

All passengers must use seatbelts at all times. Baby capsules or child restraints must be used for all children.

**Speed limits**

You must not drive at a speed over the posted limit (check signs along the roads). In most towns the limit is 50 km per hour and on freeways it will vary between 60-110km.

**Alcohol & driving**

For fully licensed car drivers the legal limit is 0.05 g/100ml. Australian Police are authorised to stop any vehicle and breath test the driver at any time.

**Mobile phones**

It is illegal to drive or ride a vehicle while using a hand-held mobile phone. It is also illegal to perform these activities when your vehicle is stopped but not parked, such as when you are waiting at traffic lights. The penalty is a significant fine.

**Driver fatigue**

It is recommended that for every two hours of driving you stop and rest for 15 minutes - distances between towns and cities may be far greater than you are accustomed.

**Country driving**

Constantly be on the alert for dangerous situations and drive at a speed that suits the conditions. Watch for:

- Potholes and rough surfaces
- Soft or broken road edges
- Single lane bridges
